

October 29, 2016 **Assessment Dilemmas in
Adult Attention Deficit Hyperactivity Disorder**

- ➔ Assessment of Adult ADHD
- ➔ Co-Morbidities: Anxiety, Depression, Bipolar, Substance Abuse, Borderline Personality Disorder
- ➔ Medication, Interventions and Tools

Presented by Dr. Martin Katzman
B.Sc., M.D., F.R.C.P. (C)

Clinical Director: Stress Trauma Anxiety Rehabilitation and Treatment (START)
in the Mood and Anxiety Disorders Clinic in Toronto.
Assistant Professor: Department of Psychiatry, University of Toronto.
Staff Psychiatrist: Centre for Addiction and Mental Health.

*"You could say that Attention Deficit
Hyperactivity Disorder (ADHD) is one of the
most misunderstood and underdiagnosed
brain types in America. You could. And, you
would likely be correct"*
(Sterling, 2011)
